

SHELL GADINIA S3
 HELP TO REDUCE OPERATIONAL COMPLEXITIES WITH A SINGLE LUBRICANT SOLUTION

Developed for medium speed engines burning diesel fuel, Shell Gadinia S3 can be used in various engine configurations and approved for use in a wide range of power equipment.

Shell Gadinia S3

- Offers improved fuel-consumption performance that helps to bring consumption under control.
- Is approved by some engine disassembly guidelines, thereby providing a single lubricant solution to operational simplicity.
- Has a "Shell" endorsement by our rigorous scientific and technical staff.
- Has advanced detergent to keep components cleaner for longer between maintenance intervals.

Official Lubricants Distributor
 Pacific Energy Aviation (PNG) Ltd

Kumul Petroleum is Papua New Guinea's national oil and gas company. As the state's nominee in the US\$19 billion PNG LNG project, we manage the state's 16.57% equity, the largest single investment made by the nation to date.

From 2014 to 2018, Kumul Petroleum has remitted a dividend of K4.2 billion – more than 80% of revenue to the Independent State of Papua New Guinea

Kumul Petroleum's Vision is aligned to Vision 2050, that promotes the development goals articulated in the PNG Development Strategy Plan 2010 - 2030. This is why it is our mission to empower the people of Papua New Guinea with investments in electrification, education and health, which is particularly close to our hearts at this given time.
